

Collecting Feedback: Proposed Roundabouts and Sidewalks at the Four Intersections at the Ramp Termini on State Route (SR) 22/United States Highway (US) 80/JR Allen Parkway at Schomburg Road and at Blackmon Road and Improvements on the Blackmon Road Bridge and Schomburg Road Bridge over SR 22/US 80/JR Allen Parkway

Proposed Project (PI # 0019535): Georgia Department of Transportation (DOT)/Transportation Investment Act (TIA) Program proposes to convert the existing intersections at Schomburg Road and SR 22/US 80 ramp termini and the existing intersections at Blackmon Road and SR 22/US 80 ramp termini to single lane roundabouts. Additionally, 5-foot sidewalks would be provided at all roundabouts, and 6.5-foot sidewalks would be provided along both existing Schomburg Road and Blackmon Road bridges over SR 22/US 80.
