HTRG: ONE-TIME RELIEF TODAY. PLAN AHEAD FOR TOMORROW.

WHAT IS THE HTRG?

The 2026 **Homeowner Tax Relief Grant (HTRG)** is a one-time tax credit for eligible homeowners with an approved homestead exemption.

The Georgia HTRG reduces your home's taxable value by **\$18,000**, which lowers your property tax bill.

The HTRG is already included in your bill. No additional action is required.

Non-homesteaded properties are not eligible.

HAVE A MORTGAGE ESCROW ACCOUNT?

PLAN AHEAD

1

The 2026 HTRG lowers this tax bill, which may cause a future escrow shortage that could increase mortgage payments.

2

To avoid a possible mortgage payment increase, contact your lender to discuss your options.

Mortgage and escrow questions should be directed to your lender or loan servicer, which determines your escrow payment.

HTRG provided by Governor Brian Kemp and the Georgia General Assembly.
